

Saint Charles Borromeo Catholic School *of Hampshire*

Serving Hampshire and neighboring parishes! *Closer than you think!*
Looking for a school alternative for your children ???

Elgin Courier newspaper quote:

"If you have a bright child who wants to shine a little brighter: SCB students have been outperforming their peers nationally for many years, and results of the past three years on the standardized Iowa Test of Basic Skills have revealed just how much better the students are ranking." Middle schoolers have grown to surpass the national averages by at least 3 grade levels by 8th grade!

Quotes from a few parents:

"This is the most reasonable and affordable tuition I have found, and we checked many schools..."

"What a joyful school! The kids really respond to their teachers and role models!"

"The mentoring here is unbelievably impressive, and there is little if any social pressure here, unlike the public schools..."
